Floods peak in both rainy seasons

150

flooded county-months in the long rains (Mar to May)

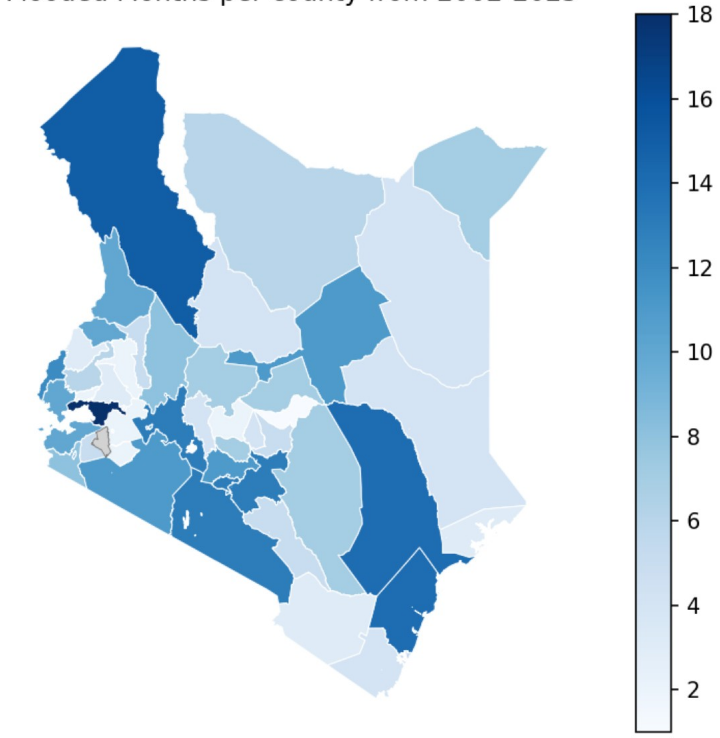

112

flooded county-months in the short rains (Oct to Dec)

Peaks: May (58) and November (54). Each bar counts county-months across 2002 to 2025.

Source: DesInventar flood records, 333 flooded county-months. No data for 2004 and 2017 to 2019.

Kisumu has the most flooded months

Most flooded months, 2002 to 2025

Kisumu	18
Turkana	15
Kilifi	14
Tana River	14
Nairobi	13
Busia	12

Grey on the map is Nyamira: no records, so unknown rather than flood-free.

Source: DesInventar flood records. No data for 2004 and 2017 to 2019.
